

CRAPA

CRH01

LUCE o TU

Crapa CRH01 unisce essenzialità e funzione in una composizione equilibrata.

La sfera in vetro soffiato diffonde una luce morbida, mentre il braccio orientabile accompagna la lettura con discrezione, mantenendo un linguaggio formale essenziale.

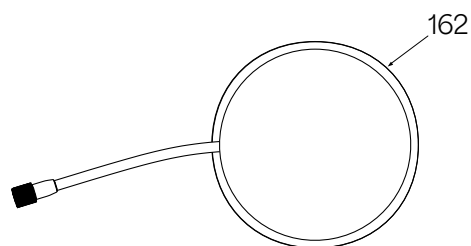

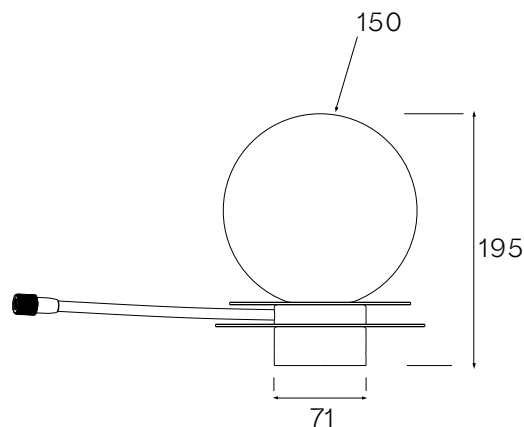

Crapa CRH01 combines simplicity and function in a balanced composition.

The hand-blown glass sphere provides a soft ambient glow, while the adjustable reading arm delivers focused light without compromising the purity of the design.

Dettagli tecnici | Data sheet

Type:	Wall lamp
Light source:	G9 LED bulb
Watt:	8W 100 - 240V
Lumens:	800 lm
CRI:	90
Class:	IP20
Colour temperature:	2700K
Dimmable:	Driver on/off
