

CRAPA

CRW02

LUCE o TU

Crapa CRW02 interpreta la luce attraverso una composizione essenziale, dove la sfera in vetro soffiato incontra il disco metallico in un perfetto equilibrio di forme.

Una presenza luminosa discreta che valorizza pareti e architettura con naturalezza.

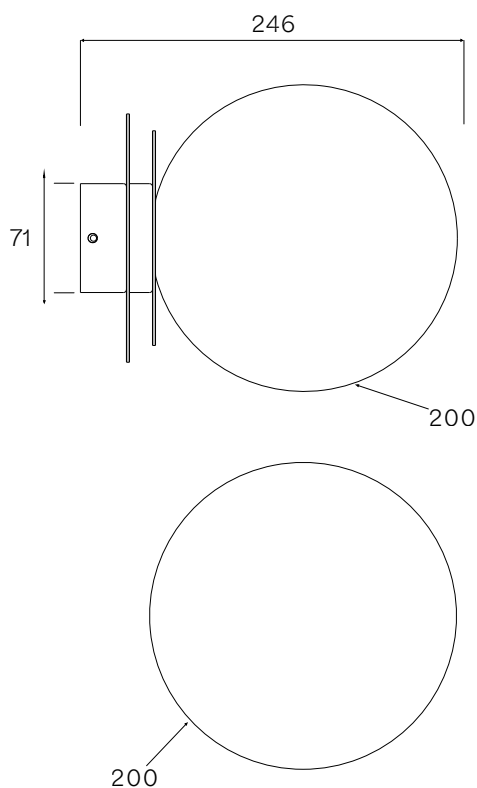

Crapa CRW02 interprets light through an essential composition where the hand-blown glass sphere meets the metal disc in perfect balance.

A subtle luminous presence that enhances walls and architecture with natural elegance.
