

LUSTRIN

LU.LW01

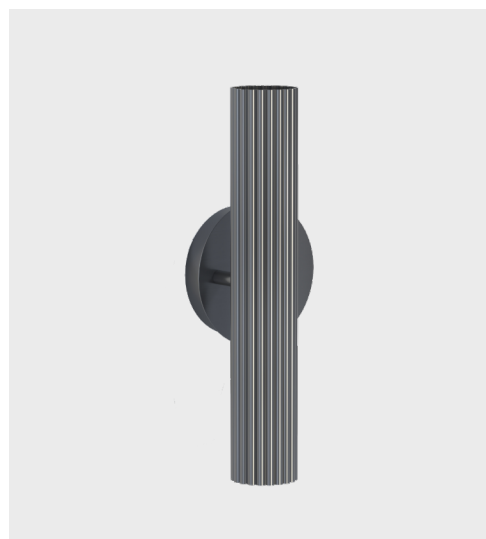

LUCE o TU

Ispirata alla ricchezza dei dettagli sartoriali, Lustrin LW01 trasforma l'ottone in una superficie ricca di ritmo e profondità.

Le sue scanalature accompagnano la luce con eleganza, definendo una presenza discreta che valorizza lo spazio con naturale raffinatezza.

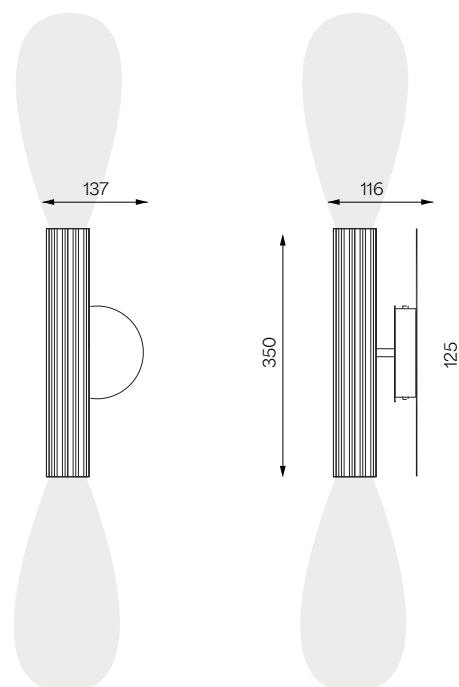

Inspired by the richness of traditional tailoring details, Lustrin LW01 transforms brass into a surface of rhythm and depth.

Its fluted texture guides the light with elegance, creating a subtle presence that enhances interiors with natural refinement.
